Craig, CO 81625
970-824-0374

Have you had your propane system checked for leaks within the last 5 years?

Mountain West Propane, Inc's company slogan is *“Where Our Service is Your Safety”*; therefore, to back it up, ANY safety-related service will now be done at **NO CHARGE**. That's right-FREE! This includes a propane safety check, checking out any suspected leaks, any leak test after changing out a gas appliance or any propane safety-related consultation. Please call our office to talk to a customer service representative and schedule your FREE safety check today!

Generac has been the #1 Name in Home Standby Power for Over 50 Years

We have automatic standby propane generators for your home or business! We also have propane tanks available for your long-term storage needs. Call us for authorized sales and service!

Route Customers

Receive 10¢ per gallon discount on ALL deliveries

- Don't have to remember to check the propane regularly
- Don't pay any delivery fees or after-hour fees if the tank runs out
- Our computer will forecast your next delivery.

Call today to see if you qualify for this discount!

Employee Spotlight

Amy joined Mountain West Propane in November 2020 as our office manager in the Craig, CO office. She has been working really hard to learn the propane business and has been doing a great job. She said, “I really enjoy the job and the people I work with. It's a great company to work for and I'm proud to say that.” Amy was born and raised in Arizona but new adventures and a need for change brought her to Colorado. She loves living here and has been here for 8 years. She enjoys hiking, camping, swimming, boating, playing games, doing puzzles and billiards. She also LOVES animals. We are happy to have Amy on our MWP team!

Equal Payment Plan (EPP)

- Your yearly usage will be evaluated and a monthly payment will be determined.
- You will be on a fixed price contract.
- Your payment will be automatically withdrawn from your checking account by Electronic Funds Transfer on the date you choose.
- You will automatically be put on a route which will eliminate outages & low propane levels.

Please contact our office if you are interested no later than March 19th, 2021.

CAN YOU SMELL IT? SAFETY TIP!

Being able to smell propane is a crucial part of keeping you & your family safe. If you have loss of smell due to COVID-19, you could be at risk for not being able to smell a possible gas leak. Other reasons you may have difficulty smelling include: age, effects of medication, colds, allergies or sinus congestion, alcohol, tobacco smoke, cooking odors, & other strong odors. To help keep you & your family safe due to difficulty smelling you **SHOULD ALWAYS** respond **IMMEDIATELY** to even a **FAINT** odor of gas or if someone tells you that your home smells like gas. (Call us 24/7/365!) You could also consider purchasing a propane gas detector. Even with a detector, never ignore the smell of propane — even if the detector is not sounding an alarm.
