We are now selling Generac Generators!

- Generac is the #1 name in home standby power, offering peace of mind and power to live.
- We have automatic standby propane and natural gas generators for your home!
- Need a portable generator? We've got those, too!
- We also have propane tanks available for your long-term storage needs.
- Call us for authorized sales and service, and we'll send you a factory-trained technician who provides complete installation from start to finish!
- Visit www.mountainwestpropane.com for more information.

CONTROL YOUR POWER. YOUR LIFE.
WITH AN AUTOMATIC STANDBY GENERATOR FROM **GENERAC**

Employee Spotlight

Anthony Whiting joined MWP in early 2013 as a propane transport driver. Anthony lives in Neola with his wife and their 5 children, ages 3 to 10. He likes to enjoy his time off by riding motorcycles. He is also involved in the scouting program. We enjoy having Anthony as part of our team, and appreciate his hard work and willingness to go the extra mile.

PROPANE SAFETY

What should you do if you smell gas?
Propane smells like rotten eggs, a dead animal or skunk's spray. If you smell it, follow these steps:

- 1- Put out all smoking materials and open flames.
- 2- Leave the area immediately!
- 3- Try to turn off the gas supply valve on your tank.
- 4- Report the leak- call us!
- 5- Do not return to the areas until it is safe to do so.
- 6- Have us check your entire system—our service is your safety!
