SUMMER FILL SPECIAL

Every year, our Summer Fill Deal starts April 1st and runs through the month of August!

You will receive a one-time fill of \$0.15 off/gallon!

Contact the office for more information.

FOR YOUR SAFETY

For safety purposes, if your tank runs out of propane we must perform a full system leak test. This will require someone (preferably the homeowner/renter) over the age of 18 with knowledge of all the propane appliances in the home. All appliances will need to be shut down during the leak check and turned back on after. This is why, if you are not a route customer, there is an out of gas fee for this service. Please remember, depending on your area to call us with 5-10 business days' notice to order a propane delivery.

GENERAC GENERATORS

Are you in the dark on Generators?
Let us shine some light on the subject!

Call your Certified Generac professional at 435-353-4562

for Generac's latest deals!

EMPLOYEE SPOTLIGHT

Sandra Beath began working at MWP in the fall of 2020 as our customer service representative in the Roosevelt office. She has worked hard to get to know the customers in this area and takes pride in her work...and her ability to make the grumpiest customer laugh by the end of the call! She is a valuable asset to our company.

Sandra bought her first home in Neola 35 years ago and then 32 years later returned and bought (hopefully) her last home in Neola. She raised her family here and is now enjoying the fact that her grandchildren will be the 3rd generation to graduate from Union High School.

With her feet firmly planted here, she enjoys spending time with her family and friends exploring from her back yard to the mountains and every body of water in between soaking up the sun. She is filled with much gratitude to be home.
